

GREG PURDON, Chairman
NEWTON B. JONES, Vice Chairman

DALE "SKIPPER" BRANSCUM, II, Administrator

TO: All Participating Members, Locals & Contractors

FROM: Dale "Skipper" Branscum, II
Administrator

DATE: June 23, 2017

SUBJECT: Employee Verification System & Jobline

MOST had sent out a letter previously reporting that the MOST Board of Trustees made the decision to discontinue the use of the IVR server in the MOST office because it is no longer supported. The IVR is the voice response server that hosts the Employee Verification System (800-432-5765) and the MOST Jobline (800-522-6678). All of the information that is obtained from these two phone lines can be obtained directly from the MOST website, www.mostprograms.com. The date this will be discontinued will be Friday June 30, 2017.

To access this information on the MOST website, you will use the same username and password or PIN that you have used to access the information via the two phone lines noted above. However, since all users will log into the website from the same log in page, you will need to select if you are logging in as a member, a local, or a contractor. Each login is unique and is associated with a specific user type, therefore the correct selection must be made or you will not be granted access into the website. Once inside the website, you will have the options to see the information previously available via the IVR/EVS systems.

Should you have any questions or need assistance with logging in please contact our office at 1-800-395-1089
